## HÔTEL EIFFEL PARK

**Situated halfway between the Eiffel Tower and the Invalides,  
five minutes from the UNESCO building.**

The Eiffel Park hotel is a haven of peace and relaxation whose cosy Art Deco decor will instantly transport you far from the bustle of Parisian life. When the warm weather arrives, relax on our rooftop terrace and dream of times gone by. Or take advantage of the hotel's spacious bar and its comfortable leather sofas for a successful business meeting. Nearby rue Dominique and the market in rue Cler will instantly give you a taste of the «Parisian village» atmosphere, and with the Air France terminal at the Invalides RER station, getting to either of Paris' airports couldn't be easier. All the rooms have air conditioning. Free WIFI Internet access in the lobby/bar. The whole team will be welcoming you to the hotel, and will do everything to ensure your stay is as pleasant as possible.
